

WMTR Overview & Call to Action

Wisconsin Music Therapy Registry

Wisconsin was the first state to create a registry for music therapists. This took place in 1998 after a significant amount of advocacy and research. Because of some verbiage in the state Rules and Regulations, we would need a psychologist to sign off on all documentation if we did NOT have this registry.

Currently, the recommendation from the state is to get rid of the Registry. We are confident that we will be able to maintain the Registry as it currently exists, and we need YOUR HELP. This will take 15-20 minutes of your time. The more MTBCs we have registered, the stronger our case will be. This is also an important step in pursuing Licensure in our state.

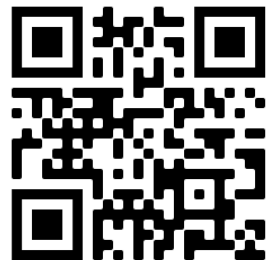

NEW APPLICANTS

The Wisconsin Department of Safety and Professional Services (DSPS) now offers an online, self-guided occupational license platform called LicenseE where the WMTR application can be completed and submitted electronically.

REGISTER TODAY: To begin the WMTR application process, create a login at <https://license.wi.gov/s/login/>

WCMT has created a **TUTORIAL VIDEO** to make this a smooth process. A link to a printable Step by Step Guide is also available in the video description. To access, click on the [bit.ly](https://bit.ly/3JXb5O4) link or scan the QR Code.
